Introducing the "Borrow Smart Reverse Mortgage" Website

Article: "Four Reverse Mortgage Mistakes"

66% of respondents to a Fidelity Investment survey said that they would be relying on home equity to supplement retirement income. Reverse mortgages are becoming a very popular way to use that equity.

The information regarding reverse mortgage is spread out over various places and can be confusing as to location and reliability. We have taken the next step in our progress by putting publications from HUD, FHA, Fannie Mae, AARP and many different news resources in one convenient site.
